

Twig Service Limited PDF Course Content Links

Our unique, user-friendly, engaging software is a mixture of interactive animation and real-life online role play videos and NOT a stereotypical ‘voice and/or text with an image ‘based e-Learning platform (often described as ‘Death by PowerPoint!’) which can be considered as mundane and make training feel like a chore.

We have a growing list of more than **100 topics** on **H&S, HR, FOOD SAFETY, CHILD CARE, SOCIAL HEALTHCARE & BUSINESS SKILLS** to choose from.

All of the following courses that we offer are ‘*approved*’ by *prestigious organisations* such as [IATP](#), [CPD](#), [IIRSM](#), [IFE](#), [ILM](#), [IoH](#) & [IOSH](#) (please click links) and are owned by VideoTile Learning Ltd and distributed under licence.

"Our [ETA](#) and [LASER](#) Qualifications (please click links) are examined via VideoTile Learning Ltd".

Please click on the following PDF document links below to view the training course content modules, for any courses that you may are interested in purchasing:

New Courses Coming Soon

We have recently completed work on a new course that supports the Level 2 NVQ unit - *Erecting and Dismantling Working Platforms*. We are also working on a new course that can be used as revision for candidates that are preparing for their CITB touch screen test, that is required to get their CSCS Green card.

For the Health and Social Care sector we have started work on a *Moving and Handling People* course and will be further supporting this industry with several other new courses over the coming months.
